SUMMARY

I am a dedicated MERN stack web developer with a strong foundation in both front-end and back-end technologies. Passionate about crafting responsive and user-friendly applications, I thrive in collaborative environments and am eager to leverage my skills to contribute to innovative projects. With a background in computer applications and a commitment to continuous learning, I aim to drive business success through technology

Shri. Parashar Junior College of Science
📅 2019-2020   📍 Paragaon, Kolhapur

Secondary School Certificate
Kini High School
📅 2017-2018   📍 Kini, Kolhapur

PROJECTS

❖ **Quiz App – MCQs with Score Tracking and Result Display (ReactJS)**

- Developed an interactive, React-based multiple-choice quiz application, enabling users to test knowledge, track real-time scores, and review detailed results.
- Implemented dynamic question rendering and an intuitive user interface utilizing useState and useEffect for efficient state management.
- Integrated React Router for seamless navigation between the Home, Quiz, and Result pages, enhancing the user experience.
- Designed a clear result display that shows correct answers and the final score, providing immediate feedback to users.
- *Technologies Used: React.js, React Router, useState, useEffect, CSS*

❖ **E-Learning Platform**

- Designed a full-fledged E-Learning website with user authentication, video/PDF content, and dashboard using HTML, CSS, Bootstrap, and ReactJS.
- Built a responsive and scalable frontend experience.
- Features include course enrollment, content management, and user dashboard.

LANGUAGES

Marathi Native ●●●●●   **English** Proficient ●●●●○

Hind Advanced ●●●○○
