SUMMARY

I am a dedicated MERN stack web developer with a strong foundation in both front-end and back-end technologies. Passionate about crafting responsive and user-friendly applications, I thrive in collaborative environments and am eager to leverage my skills to contribute to innovative projects. With a background in computer applications and a commitment to continuous learning, I aim to drive business success through technology

2021-2023 Pethvadgaon, Kolhapur

Higher Secondary Certificate

Shri. Parashar Junior College of Science

2019-2020 Paragaon, Kolhapur

Secondary School Certificate

Kini High School

2017-2018 Kini, Kolhapur

PROJECTS

❖ **Quiz App – MCQs with Score Tracking and Result Display (ReactJS)**

- Developed an interactive, React-based multiple-choice quiz application, enabling users to test knowledge, track real-time scores, and review detailed results.
- Implemented dynamic question rendering and an intuitive user interface utilizing useState and useEffect for efficient state management.
- Integrated React Router for seamless navigation between the Home, Quiz, and Result pages, enhancing the user experience.
- Designed a clear result display that shows correct answers and the final score, providing immediate feedback to users.
- *Technologies Used: React.js, React Router, useState, useEffect, CSS*

❖ **E-commerce Platform (ReactJS)**

- Developed a responsive e-commerce front-end application using ReactJS, enabling users to browse products, add items to a cart, and complete purchases.
- Implemented features such as product filtering, sorting, and user authentication to enhance the shopping experience.
